An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Rural Utilities Service

TITLE: 7 CFR 1744-C, Advance and Disbursement of Funds - Telecommunications

OMB CONTROL NUMBER: 0572-0023

SUMMARY OF COLLECTION: Section 201 of the Rural Electrification Act (RE Act) of 1936 authorizes the Administrator of the Rural Utilities Service (RUS) to make loans for the purpose of providing telephone service to the widest practicable number of rural subscribers. A borrower requesting loan advances must submit RUS Form 481, "*Financial Requirement Statement*". Along with the Form 481 the borrower must also submit a description of the advances and upon request copies of backup documentation relating to the transactions. Within a reasonable amount of time, funds are advanced to the borrower for the purposes specified in the statement of purposes. The borrower must immediately deposit all advanced money into a Special Construction account until disbursed.

NEED AND USE OF THE INFORMATION: The information collected is used by RUS to record and control transactions and verify that the funds advanced in the construction fund are related directly to loan purposes. If the information were not collected, RUS would not have any control over how loan funds are spent or a record of the balance to be advanced.

Rural Utilities Service

TITLE: 7 CFR 1728, Electric Standards and Specifications for Materials and Construction

OMB CONTROL NUMBER: 0572-0131

SUMMARY OF COLLECTION: The Rural Electrification Act of 1936, 7 U.S.C. 901 *et seq.*, as amended, (RE Act) in Sec. 4 (7 U.S.C. 904) authorizes and empowers the Administrator of the Rural Utilities Service (RUS) to make loans in the several States and Territories of the United States for rural electrification and the furnishing and improving of electric energy to persons in rural areas. RUS' Administrator is authorized to provide financial assistance to borrowers for purposes provided in the RE Act by guaranteeing loans made by the National Rural Utilities Cooperative Finance Corporation, the Federal Financing Bank, and other lending agencies. These loans are for a term of up to 35 years and are secured by a first mortgage on the borrower's electric system. Manufacturers, wishing to sell their products to RUS electric borrowers, request RUS consideration for acceptance of their products and submit letters of

request with certifications as to the origin of manufacture of the products and include certified data demonstrating their products' compliance with RUS specifications.

NEED AND USE OF THE INFORMATION: Manufacturers submit certified data demonstrating product compliance with RUS specifications, usually in the form of laboratory test results, catalog pages, or drawings. RUS will evaluate the data to determine that the quality of the products are acceptable and that their use will not jeopardize loan security. The information is closely reviewed to be certain that test data; product dimensions and product material compositions fully comply with RUS technical standards and specifications that have been established for the particular product. Without this information, RUS has no means of determining the acceptability of products for use in the rural environment.
